## California 911 System

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

### 911 Outages/Remote/Community Isolations:

- None reported.

### Service Interruptions:

- None reported.

# WEATHER OF CONCERN

## Weather of Concern

- There is no weather of concern.

## **Active Weather Warnings, Watches and Advisories by County:**

- <https://alerts-v2.weather.gov/counties/CA>

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

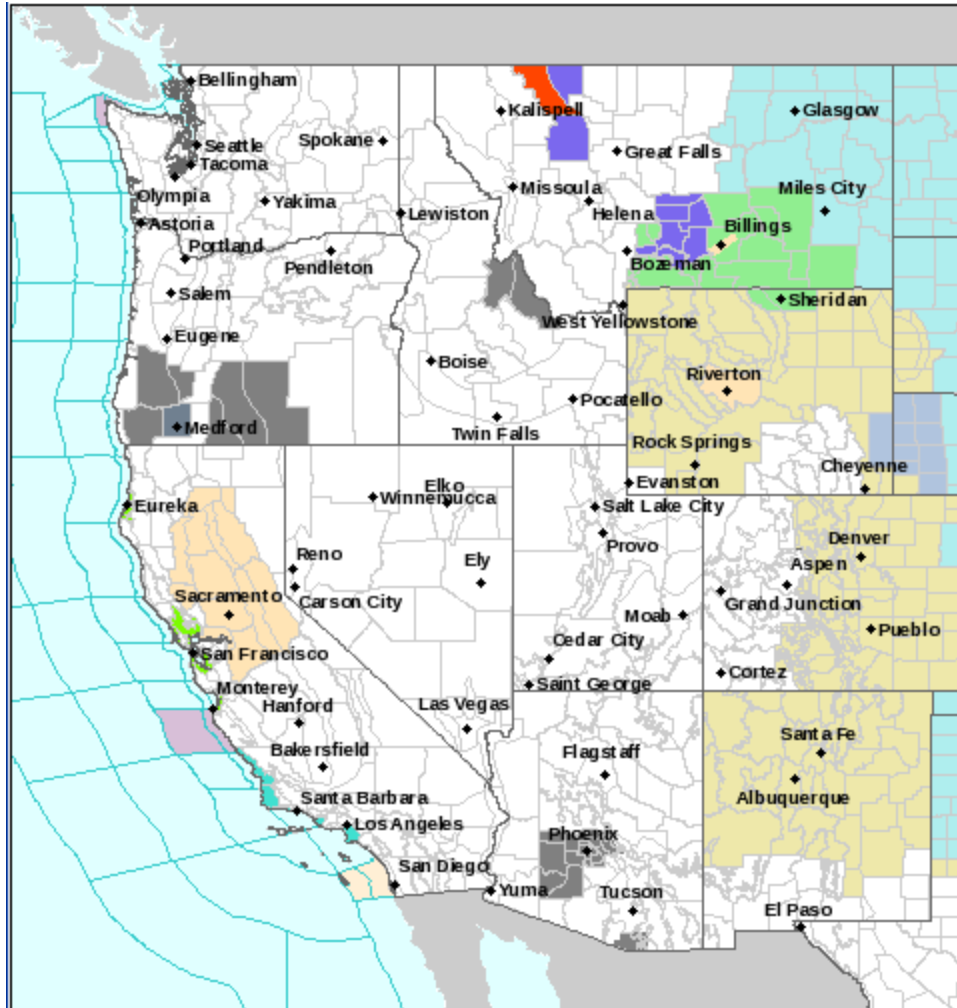

Wet weather is expected to return Wednesday, 01/03/18, afternoon. A ridge in place over the region will produce low clouds and fog. In the afternoon it will be warm with the possibility of light precipitation. Rain and high elevation snow will increase in coverage and intensity towards the evening hours.

## **SOUTHERN CALIFORNIA**

A weak low may draw some subtropical moisture into the area this week. This may allow for a few light showers to develop Wednesday into Thursday morning. Any resultant rainfall looks to be very light and snow levels would be very high. Look for skies to remain cloudy heading into the following weekend. No significant offshore winds are expected the next 7-10 days.
